INTRODUCTION

The City of Yarra was created in June 1994 following the Victorian Government's restructure of local government. The City of Yarra is located close to Melbourne's Central Business District. Neighbouring Councils are Moreland and Darebin (to the north), Boroondara (to the east), Stonnington (to the south), and Melbourne (to the west). The City of Yarra includes the suburbs of Abbotsford, Alphington (part), Burnley, North Carlton, Clifton Hill, Collingwood, Cremorne, Fairfield (part), Fitzroy, North Fitzroy, Princes Hill and Richmond.

The traditional owners of the land are the Wurundjeri Aboriginal people who originally inhabited the area that is now known as Fitzroy, Richmond and Collingwood. Yarra continues to be an important meeting place for Aboriginal people in Victoria.

Yarra has more than 230 hectares of open space including large historical gardens particularly Edinburgh Gardens in North Fitzroy and Darling Gardens in Clifton Hill. The Merri Creek and Yarra River, which form two of Yarra's boundaries, have adjoining linear open space reserves which are highly valued by residents of Yarra and wider metropolitan Melbourne for their recreational and nature conservation values.

The current estimated population for the municipality is more than 101,000.

The Victorian State Government amended the Domestic Animals Act 1994, to improve animal management in Victoria, by requiring that all Councils have a Domestic Animal Management Plan (referred to hereafter in this document as the DAMP). The City of Yarra supports this strategic approach and has developed its DAMP using the guidelines provided by the Department Jobs Precincts and Regions (DJPR)

The DAMP is required to specifically inform both the State Government and interested parties how the City of Yarra has equipped and trained its authorised officers and provided processes for them to enforce the Domestic Animals Act 1994 and associated Regulations. The DAMP is not intended to regulate how the City of Yarra investigates or enforces its Local Laws or other Policies which relate to the management of animals. These Local Laws and Policies may be referred to where they complement the DAMP and will be enforced in conjunction with the DAMP where appropriate.

The City of Yarra encourages responsible animal ownership and recognises the positive benefits associated with pets. Animal ownership can provide community members with opportunities to connect with other people and encourages greater use of open space.

Council's role in Animal Management

Council play a number of roles within the scope of animal management. In the City of Yarra responsible pet ownership will focus on:

Responsible Pet ownership

Council's key focus in the delivery of animal management services are:

- To promote responsible pet ownership in the City of Yarra;
- To respond to issues raised by the community about nuisance animals (e.g. barking dogs);
- To enforce the legislation relating to animals;
- To encourage the registration of companion animals;
- To educate the community on topics related to animal management and control.

Process applied in developing this plan

The DAMP was prepared by the Compliance and Parking branch. Other relevant areas of Council and external stakeholders and agencies have also been consulted regarding the content of this plan.

Training of authorised officers

68(A)(2)(b) Outline programs for the training of authorised officers to ensure that they can properly administer and enforce the requirements of Domestic Animals Act 1994 in the Council's municipal district.

Context

The purpose of this plan is to provide the City of Yarra with a strategic framework that delivers policy direction and action plans for animal control services for the next four years.

The Domestic Animals Act 1994 confers a range of powers and responsibilities to Councils for the delivery of animal control services. This plan articulates how Council intends to discharge its responsibilities as prescribed in the Act.

There were 6791 dogs and 3018 cats registered within the City of Yarra in 2020 (as of 31 December 2020). In the 2016-17 registration years there were 5498 dogs and 2393 cats registered. There has been a steady increase in the registration of dogs and cats as a result of registration incentives and improved operational methods including the increase of parks patrols on the weekend and introduction of the Compliance and Education Officer (Parks).

There are currently 14 Domestic Animal Businesses registered in the City of Yarra. In addition, there are currently 3 Commercial Dog Walking permits in the City of Yarra as of 9 February 2021.

The Animal Management Team consists of two full time Animal Management Officers and one full time Compliance and Education (Parks) Officer.

2. REGISTRATION AND IDENTIFICATION

The Domestic Animals Act 1994, 68A (2) (c) (v) provides that Council must: "... outline programs, services and strategies to encourage the registration and identification of dogs and cats..."

The following data illustrates the trends in domestic animal registrations during the period of the previous Domestic Animal Management Plan.

Annual Registrations	2017-18	2018-19	2019-20	2020-21 (31 Dec 2020)
Cats	2392	2733	2783	3081
Dogs	5521	5901	6040	6791
Total	7913	8634	8823	9872

Animal registrations have increased.

There has been over 11% increase in animal registrations over the 2020-21 animal registration period.

Overall domestic animal registrations have increased.

There has been over 11% (figure as of 31/10/2020 annual review) net increase in pet registrations since the previous Domestic Animal Management Plan adopted by Council. During the whole of the period, Council has maintained actions from the previous plan by:

- Follow up of non-renewed registrations through a mail-out of reminder letters and SMS's, including reviewing and improving the process
- Review of the current methodology for unpaid registrations
- Review of the promotional material regarding positive benefits from registration
- Liaison with local Veterinary Practices to ensure relevant information on responsible pet ownership is available
- Increase education in parks and awareness to register by Compliance officers.
- Annual data obtained from the microchipping companies listing COY owners with follow up for registration. Since its process was implemented in 2017 there has been a 29% increase in pets registered from this

In accordance with the Plan, Animal Management Officers also provided feedback to the organisation's Communications team with a view to ensuring the message to the public about positive benefits of registration and identification remains relevant.

Registration and Identification - Our Orders, Local Laws, Council Policies and Procedures

Local Laws:

City of Yarra General Local Law 2016 (which was adopted September 2016) section 60 regulates the number of cats and dogs that can be kept on a property. Unless permitted under the Planning Scheme applicable to the land, a person must not, without a permit, keep or allow to be kept on any land, any more of each species or group of animals and birds specified in the Local Law.

Council Policies and Procedures:

- Application for registration and renewal of registration of dogs and cats (form approved by Council and fixing fees)
- Procedure associated with seizure and impounding of unregistered and/or unidentified dogs and cats
- Process associated with issuing notices to comply, infringement notices and filing charges for prosecution regarding dogs and/or cats that are not desexed
- Prescribed yearly program each June to follow up on unpaid renewals.

Cats and Compulsory Desexing

On 1 March 2010, Council introduced compulsory cat desexing with the Council Order under The Act to reduce the number of stray and feral cats in the community. Cat owners in the City of Yarra must have their cat desexed before it may be registered for the first time at three months of age.

Desexing not only reduces the population of stray, unwanted animals, but it also helps pets to live longer and healthier lives. Owners of cats already registered with Council which are not desexed must have their cat desexed prior to renewing their pet registration. Exceptions apply when a veterinarian has advised against desexing for health reasons or where a cat is being kept for recognised breeding purposes. Owners will need to provide Council with a letter from their veterinarian or a copy of their breeding certificate.

Reduced Fees

Reduced registration fees are applicable for people who hold a State Concession (must be eligible within the meaning of State Concessions Act 1986) you must supply your current Department of Social Security Pension Number, Department of Veterans Affairs Pension Number.

In special cases where financial hardship may be proved, the Manager Compliance and Parking may waive all or part of a registration fee. For all new cats and dogs aged 6 months, registration fee is waived at initial registration.

For dogs and cats adopted through the Lost Dogs Home or any other registered foster care network we have introduced free initial registration facilitated at the time of adoption.

Summary

Overall Council's strategies have resulted in an increase of registration and compliance within the municipality. The increase of park patrols and the introduction of the Compliance and Education (Parks) Officer have enabled Council to identify educational opportunities on weekends. Council will be looking at improving responsible pet ownership over the next four years. The objectives include:

- To provide a visible and proactive public relations interface with all park users.
- To proactively patrol all the major parks and gardens within the City of Yarra with a view to ensuring that there is good order within those parks and gardens and that good governance is achieved.
- Actively and positively ensure compliance with the Domestic Animal Act 1994 and Council's Local Law within the municipality and specifically within Council's parks and gardens.
- To undertake investigations, resolve requests collect and transport animals and where necessary take appropriate enforcement action in order to obtain compliance with the Domestic Animals Act 1994, related legislation and Council Local Laws within Council's parks and gardens.

- Please note 2020-21 complaint figures may be impacted due to COVID restrictions.

Some categories of complaint generate more than one contact with Council as part of an ongoing investigation process.

In relation to barking dog complaints an improved implemented process, such as readily available information has resulted in complainant having an understanding how to make a complaint with Council. Council has increased its focus on education and dispute resolution.

City of Yarra Council encourages dog owners to maintain adequate fencing to prevent animals wandering from their premises. Council provides services to collect wandering animals and may impound dogs, issue infringements and prosecute pet owners when an offence is found.

Council provides a cat trapping program and any registered cat that is trapped will be identified through its registration tag and returned to its owner, who may be issued with a notice under section 23 of the Act and subject to prosecution should the cat be trapped again.

The cat trapping procedure is reviewed yearly in conjunction with the administration team and statistics obtained from the Lost Dogs Home. An improved cat cage and trapping procedure has led to improvements in officer safety.

List Council Policies and Procedures:

- Promote the confinement to owners' premises of cats to prevent straying and possible euthanasia if unregistered

- Desexing promotion with new registration

Our current Compliance Activities

Authorised officers conduct routine trapping of feral cats.

- Investigation of reports of animal hoarding

- Ensure that impounded animals are de-sexed prior to release from the pound facility
- Conduct compliance patrols to pick up feral and stray cats and dogs to reduce unplanned breeding
- Referral to welfare groups for initial rehousing
- Regular patrols for direct engagement with pet owners and pets
- Enforcement via infringement notices
- Follow-up of notification from pet welfare agencies of claimed or rehoused pets within the municipality
- Maintain a cost-effective pound release fee in relation to actual cost to Council

Summary

There is a low number of dogs and cats euthanised within the City of Yarra. Cat trapping is a low priority in Yarra and the level of complaints about nuisance cats suggests that 'cat over population' is not a wide problem within the municipality. Cat owners in Yarra must have their cat desexed before it may be registered for the first time at three months of age. Owners of cats already registered with Council that are not desexed must have their cat desexed prior to renewing their pet registration. Councils will continue to promote responsible pet ownership and mandatory desexing.

Discount desexing days and ongoing subsidised desexing for pets of low-income earners via agreements with local vet clinics with support from National Desexing Networks. Objective 2: Raise awareness about semi-owned cat population

68A (2) (e) Provide for the review of any other matters related to the management of dogs and cats in the Council's municipal district that it thinks necessary

CURRENT SITUATION

The City of Yarra currently has set Emergency Management plans in place and regularly conducts pre-planned events. Establishing trends and addressing matters that arise is something Council will address annually during the review. Matters highlighted at any industry-based conference or by the media and general community are to be formally reviewed.
